

BAR MEN FINISH.

Favor Law Relieving Congested Judicial Districts.

Adopt Nine Jurors in Civil Law Resolution.

HUTCHISON PRESIDENT

All Other New Officers Are Topeka Men.

"Eye-Witness Testimony May Have Little Value."

The legislature will be asked to pass a bill for the relief of the congested judicial districts, by an amendment to the state constitution. This is according to the resolution adopted at the closing business session of the twenty-eighth meeting of the Kansas State Bar association at the supreme court rooms Thursday afternoon. Originally the report of the committee on the subject suggested that the legislature itself be asked to give power to the judges to interchange circuits so that when judges of a certain district had little to do they could help with the work in other districts. However, Judge Garver held that this might not be regarded as constitutional by the supreme court. He suggested as an amendment to the resolution that the legislature be asked to amend section six of the constitution to meet the demand. After some attempt to postpone the matter to the next annual bar meeting, the resolution was adopted as amended. S. H. Allen was chairman on the committee on this matter. The section of the state constitution referred reads in part: "District courts shall have such jurisdiction in their respective districts as may be provided by law."

The proposed amendment reads: "The district, county and judges thereof shall have such jurisdiction throughout the state as may be provided by law." Senator T. A. Nottger, who has favored this measure was on his feet and "barked" loudly for its passage. The legislature will also be asked for a bill for amending the constitution to allow civil cases to be tried by nine jurors instead of twelve. A resolution to this effect was adopted after some effort to shelve it. The report of the committee of which R. L. King was chairman, stated that "a constitutional amendment is the most advisable and safest course to pursue in effecting the desired change."

If the bills mentioned pass both houses they will be submitted to the people at the next general election, which is the procedure in making amendments to the state constitution. A resolution was introduced by J. R. Larimer and adopted by the assembly, asking that the senators and members in congress from this state be requested to secure the passage by congress at its present session an act creating an additional judicial district in the state of Kansas. It passed with no opposition.

The following officers were elected by unanimous adoption of the report of the nominating committee: President, W. E. Hutchison, Garden City; vice president, V. P. McFarland, Topeka; secretary, D. A. Valentine, Topeka; treasurer, J. G. Slonecker, Topeka. Executive committee—R. A. Burch, Salina, chairman; Benjamin W. Scandrett, Topeka; J. D. Houston, Wichita; J. J. Jones, Chanute and H. A. Russell, Blue Rapids.

Professor McKeever's Paper. "That the testimony of a so-called eye witness to the commission of a criminal act of crime may have little value, is a fact which has recently been very satisfactorily established, and modern psychology with its experimental methods, must be given credit for having brought about this new and traditional opinion on the subject." This was the key note of an address made by William A. McKeever, professor of psychology at the University of Kansas, at the annual meeting of the Kansas Psychological Association, which was held at the Hotel Jefferson, Topeka, last night. His subject was "Psychology as Related to Testimony." He proved his point by describing a play given for the purpose before twenty-five members of the K. S. A. C. The scene was in the nature of a holdup in which three people took part. A bicycle wrench instead of a revolver was used. However, the play was so realistic that it was the subject of much of the audience and other inaccuracy of their observation were revealed in answers to written questions concerning the play.

"Whatever may be said as to the results of this little experiment," said Professor McKeever, "it is my opinion that the testimony of an eye witness is a true and natural situation, and that the testimony of the eye witnesses were no less and no more accurate than if the scene had been enacted upon the stage of real life."

The speaker also said that contrary to the supposition that innocent children make the best witnesses, a designing attorney through suggestion to a child might make a false witness of him.

The Unwritten Law. "The strangest thing in the history of the law is the assumption of those in authority that laws can be made at will by some man or college man." This statement is from the address, "The Unwritten Law," delivered by Major A. M. Harvey of Topeka at Thursday afternoon's session. Other extracts follow:

"A scientist in the realm of physics who would presume to make a law of motion or of attraction would be ridiculous. Such laws must be discovered, and when they are discovered, they may be recorded. They are not made, nor are they new, because they are recorded, for they always were and always will be."

"In the realm of social order, is it any less ridiculous for a man to assume that he has power to make law? Can we not arrive at better results if we recognize the simple truth that the law that points the way to justice in any given situation among men, always was, and that our highest duty is to find it and administer it?" "The first trace of any law must be found in the habits and customs of the people who are first concerned with the situation requiring such a law."

"A recent case was one wherein a young man of promise and of high ideals had the misfortune to have a brutal father, who in a brutal and inhuman conduct of his father toward his younger sister was related to the boy, and he deliberately walked into another room where his father was seated and killed him. None of the circumstances of justification or excuse as laid down in the statutes were present. All of the facts were present and to the jury, and the jury instructed on the degrees of murder and manslaughter. After deliberation, a verdict was returned finding the boy guilty of the lowest degree of murder. The court, being impressed with the same consideration as the jury, paroled the defendant, so that he did not have to spend a day in prison on account of the killing, and the court's action in this matter was approved by our supreme court."

"Much has been written and much discussion has been had upon the failure of the jury to acquit on the urging of the unwritten law in the Thaw case. The facts did not bring the case, but the jury moved to acquit the killer. Thaw was dishonest and licentious, and himself indifferent to the virtue of his wife. The able lawyer conducting the defense had presented evidence making an unqualified verdict of guilty impossible, and then, to avoid a verdict of not guilty on the ground of insanity, he pulled for the jury to acquit on the unwritten law. It was a general effort to secure a general verdict of not guilty. He should not be censured for his zeal; neither should the jury be especially praised for detecting the fallacy of his argument."

"Court records are full of instances of acquittal of persons charged with murder where no positive law can be found that would support the verdict. If we are right in our conclusions that the positive law is a child of the unwritten law, and that law is something to be discovered and administered, instead of something to be made, then we may well withhold our criticism of juries in cases of this kind."

KANSANS TO BE THERE.

Bishop Millsap Will Represent State at St. Louis Meeting.

St. Louis, Jan. 12.—A notable body of bishops, clergy and laymen, which includes the council of the seventh missionary department of the Episcopal church of the southwest, will convene in St. Louis for three days next week, January 17 to 19, inclusive. The department of the southwest includes all the jurisdictions within the states of Missouri, Kansas, Arkansas, Texas, Oklahoma and New Mexico. There are twelve bishops in the department, most of whom will be present. Following a luncheon at the Hotel Jefferson, reports from the twelve bishops will be made by the Right Reverend William Montgomery Brown, bishop of Arkansas; the Right Reverend A. C. Garrett, bishop of Dallas; the Right Reverend F. R. Millsap, bishop of Kansas; the Right Reverend E. R. Atwill, bishop of Kansas City; the Right Reverend D. S. Tuttle, bishop of Missouri; the Right Reverend J. M. Kendrick, bishop of New Mexico; the Right Reverend F. K. Brooke, bishop of Oklahoma; the Right Reverend T. P. Thurston, bishop-elect of eastern Oklahoma; the Right Reverend S. M. Wiswold, bishop of Salina; the Right Reverend G. H. Kinsolving, bishop of Texas; the Right Reverend E. A. Temple, bishop of North Texas, and the Right Reverend J. S. Johnson, bishop of West Texas.

Two Blocks Wiped Out. Bluefield, W. Va., Jan. 13.—Fire originating in a saloon early this morning wiped out two blocks comprising the principal business sections of the town of Welch. The property loss probably will exceed \$200,000.

BARNES LAW PLOT

Mingenback Sees Repeal Plan Now Under Cover.

Sends Out Letters to Ascertain Sentiment of People.

ATTITUDE IN STATES.

Other Commonwealths Are to Adopt Kansas Measure.

Rebater a Menace and a Part of Dangerous Element.

McPherson, Kan., Jan. 13.—C. F. Mingenback, secretary of the Farmers' Alliance Insurance company of McPherson, says that there is a movement among the old line companies to make an attack on the Barnes law, which gives the state the right to regulate rates. He is sending out letters to different places in hopes of ascertaining the sentiment of the people and also call the legislature's attention to the plot which is being brought about by the old time companies who seek to have the Barnes law repealed. A portion of the letter follows: "Dear Sir: The Barnes fire insurance law, passed by the last legislature, is in danger of being repealed, and in place of it the rate making power in Kansas will go back to the old system of piracy. The rebaters and the state agents for the big old line reserve companies will join hands to down the law that now protects people against imposition and digging worms with which to lure the catfish from the Kaw, and Professor Johnson warns up canned beans from Lawrence over the fireplace. Since the Barnes law went into effect, all fire insurance rates in Kansas have been reduced from 12 to 20 per cent, and there has been a big saving to the public. There are some risks, however, on which the hazard has been increased instead of reduced but every normal risk has received the benefit of the cut made by Superintendent Barnes. There are at least a dozen other states that will adopt the Barnes insurance law just as soon as their legislatures meet, which is evidence that Kansas opinion is not abroad as well. It has raised the morals of fire insurance, and offers, through the insurance department of the state, every encouragement to the policy holder to apply safeguards and better protection to his property and thereby receive reductions from time to time. "The rebater is a menace and a dangerous element in any community because he stands for special privilege."

FORTY CARS TO HAUL CROP.

Chase County Farmer Raises 600 Tons of Alfalfa.

Cottonwood Falls, Kan., Jan. 13.—No less than forty freight cars will be required to haul to market a part of the alfalfa crop which was raised on the C. M. Gregory farm east of town, last season. There will be between 500 and 600 tons of alfalfa hay and as 13 tons will fill the average size car, they will take a good long train to move the crop. This, however, represents only two cuttings from 300 acres which is in alfalfa on this farm. "Your crops for hay and alfalfa, the entire output if sent to market would be nearer eighty carloads instead of forty. Two cuttings were kept on the farm to be used as feed for cattle and horses."

UNIVERSITY HEAD TO WILDS.

Cabin on Kaw for Chancellor and Three Faculty Men.

Lawrence, Kan., Jan. 13.—To lecture about the simple life in classrooms and to study the methods employed in getting back to nature by those who are free to go to the woods is about as near as most college professors come to trying for themselves the remedies they teach for race degeneration. Four members of the faculty of the University of Kansas, however, have a plan of temporary return to the wilds. Chancellor Frank Strong, Olin Tempelman, dean of the college of liberal arts and sciences; W. H. Johnson, professor of education, and H. P. Cady, head of the department of chemistry, have just finished a cabin on the Kaw river, near the hermit abode of the late Gen. Hugh Cameron.

The faculty men did all the work on the place themselves. The cabin is built of rough pine lumber. Its builders preferred a log cabin, but the scarcity of logs along the banks of the Kaw caused them to give up this idea. A large brick fireplace, one part of the "shack." Several cots will be taken to the cabin so that its owners can remain there over night if they care to. All of them hope to have motor boats this spring and they already have a canoe.

Hair Health

If You Have Scalp or Hair Trouble, Take Advantage of This Offer

We could not afford to so strongly endorse Rexall "92" Hair Tonic and continue to sell it as we do, if we were not certain that it would do all we claim it will. Should our enthusiasm carry us away, and Rexall "92" Hair Tonic not give entire satisfaction to the users, they would lose faith in us and our statements, and in consequence our business prestige would suffer.

Therefore, when we assure you that if your hair is beginning to unnaturally fall out or if you have any scalp trouble, Rexall "92" Hair Tonic will promptly eradicate dandruff, stimulate hair growth and prevent premature baldness, you may rest assured that we know what we are talking about. Rexall "92" Hair Tonic is vastly different from other similar preparations. We believe that it will do more than any other human agency toward restoring hair growth and hair health. It is not greasy and will not gum the scalp or hair or cause permanent stain. It is as pleasant to use as pure cold water.

Our faith in Rexall "92" Hair Tonic is so strong that we ask you to try it on our positive guarantee that your money will be cheerfully refunded without question or quibble if it does not do as we claim. Certainly we can offer no stronger argument. It comes in two sizes, prices 50 cents and \$1.00. Remember you can obtain it only at our store.—The Rexall Store, The Arnold Drug Co., 523 Kansas avenue.

ready after class hours. It will be no glided Adirondack camp that the chancellor and his associates will have. There won't be any lackey in livery do the menial work around camp and serve food. Magna, Chancellor Strong and L. in Templin, whom the innocent freshmen are inclined to look upon with awe, will take their turns chopping wood and washing the dishes, while Professor Cady, terror of the engineering students, is making up the bunks and digging worms with which to lure the catfish from the Kaw, and Professor Johnson warns up canned beans from Lawrence over the fireplace.

VAST FIELD OF OIL AND GAS.

Slight Earthquake Near Hudson Has Developed Indications.

Great Bend, Kan., Jan. 13.—That there are vast oil and gas fields in Stafford, Rice and Barton counties seems certain now and it may be that this is the same field which gave to Ellsworth county its new gas well. There is considerable section in the neighborhood of Hudson and Salt Marsh following the explosion, which resembled a slight earthquake on the Metz road, about two weeks ago. Since that time there have been many indications of oil and gas and it is probable that this section of the state will develop gas and oil wells as is one in the southern section.

J. E. McGuire, who owns a section of land at Salt Marsh, was called to Hutchinson a few days since by a number of capitalists who want to organize a stock company and go after oil and gas. The discovery came when Mr. McGuire was moving his "club house" on the average size which is six miles southeast of the Ellsworth lake. He drove two wells for fresh water, but instead of finding water, he struck a "lead stone," which the authorities say is a gas pocket. Mr. McGuire is uncertain at this time whether to sink the well himself or turn it over to the capitalists.

MILLERS ADOPT RESOLUTION.

Support Larrabee as Candidate for President of National Association.

Wichita, Kan., Jan. 13.—After a stormy session here last night, the Southwestern Millers' association finally adopted a resolution to continue under the rules of the National Millers' association. The following telegram has been sent to A. L. Goetzman at Chicago in regard to the matter: "At a meeting of 100 millers of the Southwest, a unanimous vote of endorsement and support of the federal support of Larrabee as our candidate for president. We offer and support T. D. Larrabee as our candidate for president. (Signed) "C. A. GREENLEE, "Chairman."

"F. D. STEVENS, Secretary." A lively discussion of the bleached flour proposition was staged at the afternoon meeting. It was practically unanimously agreed that the bleached flour rulings now in force are not to the best interests of the millers of this section of the country and should be opposed.

ANNUAL 'POSSUM SUPPER HELD

Judge Harrison of Wellsville Host Each Year for Six Years.

Wellsville, Kan., Jan. 13.—Although there is not a negro in Wellsville, a "possum supper" is one of the annual events of the town. Judge John H. Harrison has been the host of such an affair for six years. Fourteen of his friends have been the guests. The affair has come to be looked upon as one of the social features of the winter. Once a member of the dinner party always a member is the motto of the judge. Of the fourteen guests present at the first supper six years ago eleven were at the annual reunion New Year's Eve. The places of the absent ones are taken by others of the judge's friends, so that the tables are always full.

DROVE FIRST DAILY COACH.

Enoch Cummings Crossed Prairies to California Stage in 1861.

Jay Center, Kan., Jan. 13.—Enoch Cummings, 72 years old, an early settler of Clay county, is dead here. He was a driver on the overland stage line in the sixties through Kansas. Mr. Cummings drove the first daily stage coach that crossed the prairies to Placerville, Cal., when the central overland route was opened to the Pacific, July 1, 1861. He also drove on the first coach which came through from California.

FOLLOWS KANSAN TO GRAVE.

St. Joseph, Mo., Jan. 13.—Despondency on account of the death of her husband, John Richmond, is believed to have been responsible for Mrs. Pearl Richmond drinking a large quantity of carbolic acid here last night. Richmond, whose home was in Elwood, Kan., was an aeronaut and was recently killed while making a flight in this country.

BROTHER AND SISTER BURNED.

Independence, Kan., Jan. 13.—John and Maggie Wallace, 30 and 21 years old, respectively, were burned to death in a fire that destroyed their home at Table Mound, near here, Thursday.

Graves' Tooth Powder Regular 25c Size For 19c

The Crosby Bros Co

Orange Wood Sticks Regularly 3c 1c Each

Half Price

Is Quoted On a Thousand and More Ready-to-Wear Garments

THIS doesn't mean Half Price on every garment we have, but it does mean that we have taken more than a thousand garments of the most desirable sorts, including women's and misses' suits, coats and dresses, children's dresses, white and colored tailored waists, chiffon and wool waists, a lot of desirable furs and numerous other articles, and cut the price of them square in two.

And every other garment in the Ready-to-Wear Department (excepting corsets) that is not included in the assortments from which you can choose at Half Price, can be purchased until the close of this Pre-Inventory Sale at a straight DISCOUNT of 25%.

Just stop and figure a minute what this means—it means that there isn't a single article of Ready-to-Wear apparel worn by women, misses and children (excepting corsets) that you cannot buy at a clear saving of either a FOURTH or a HALF as against any other time of the season.

We started out to reduce this Ready-to-Wear stock to a point lower than ever, before invoicing time, and the manner in which we are accomplishing that end is not at all surprising, because we named prices from the very beginning that we knew would do it.

Now is the time of all FOR YOU to MAKE the SAVINGS count for more than ever.

50c Barrettes at 39c
Several styles of our regular 50c heavy shell, strong clasp barrettes, are offered in the Pre-Inventory Sale at each.....39c

All of above in black only.

Women's Shaped Vests

Splendid weights and qualities for this time of year
The price we name is not much of a reduction over the regular price of 50c, but that isn't the point. What we want to impress upon your mind is the goodness of them—how soft in feel; how well they are made and prettily trimmed. We venture to say that if you once try wearing a shaped vest you will want no other kind.

Both styles are knitted from fine bleached cotton; one is made with low neck and no sleeves; while other has the high neck and short sleeves—either style at 45c

Women's and Children's Shoes

Every Pair Priced For Less

Women's Shoes
All of our famous "Size Smaller" shoes for women and misses are included in the Pre-Inventory offerings of Wright, Peters, D. Armstrong, Donovan's and Murray and Bolton makes. At these reductions it will pay to buy for a full year in advance.

25 Calling Cards Regularly 10c Pkg. At 5c

Saves Health of Old People—Trial Free

A healthy old couple who have lived a long life together make an ideal picture. But unfortunately so many old people have a dismal life. Even if they are otherwise in good health they seem to suffer from constipation and indigestion. It is the penalty of old age. To old people, the best advice is—Be careful of your food. But even that is not all. The stomach and bowel muscles are no longer as active as they used to be and on that account movement of the bowels is more difficult. To aid nature take a mild laxative like Dr. Caldwell's Syrup Pepsin whenever you find yourself becoming constipated or when you have any difficulty digesting your food. It is not strong like salts or purgatives, but is mild, gentle and non-gripping—just what elderly people need. It is the best laxative for old people, as it is for women and children. Many men and women far beyond seventy have been able to discard all medicines after a brief use of Syrup Pepsin. The regular bottles can be obtained of any druggist at fifty cents for one dollar, but we suggest that you make a free trial of it first. Send your address to Dr. Caldwell and he will send you a free sample bottle.

The following are some extracts from letters Dr. Caldwell has received:

"Your free sample bottle came in due time and I was so gratified with results that I bought a larger bottle and am so in favor of its effects that I am putting others on the test. I am 72 years old and have had a very bad case of indigestion and a torpid liver, but feel that I now have the right remedy and no longer have the trouble. Also acts without inconvenience."—Mrs. W. H. Carter, Ark.
"I am 73 years old, have been seriously afflicted with heart trouble for over 15 years, unable to do anything during that time; have spent all I had doctoring with several local doctors and many specialists, all to no purpose. My case is a very hard one and incurable; constipation of a very serious nature. I would for years have given up, but I was without a movement; would take pills, salts, etc., until I was almost tired of life. Have tried everything. I saw your ad; sent for free sample of Syrup Pepsin. I saw it and it did me so much good that I got a 50c bottle and have taken it as directed. I have had a regular bowel movement today. It HAS DONE ME A WORLD OF GOOD. It is the closest to take and the most effective of any remedy I have ever used. I would for years have given up, but I was without a movement; would take pills, salts, etc., until I was almost tired of life. Have tried everything. I saw your ad; sent for free sample of Syrup Pepsin. I saw it and it did me so much good that I got a 50c bottle and have taken it as directed. I have had a regular bowel movement today. I saw your ad; sent for free sample of Syrup Pepsin. I saw it and it did me so much good that I got a 50c bottle and have taken it as directed. I have had a regular bowel movement today. It HAS DONE ME A WORLD OF GOOD. It is the closest to take and the most effective of any remedy I have ever used. I would for years have given up, but I was without a movement; would take pills, salts, etc., until I was almost tired of life. Have tried everything. I saw your ad; sent for free sample of Syrup Pepsin. I saw it and it did me so much good that I got a 50c bottle and have taken it as directed. I have had a regular bowel movement today.
